### **Asheboro City Schools to Host State of Our Schools Celebration**

**ASHEBORO** – The community is invited to attend the Asheboro City Schools 2018 State of Our Schools celebration on Tuesday, January 30 from 5-6:30 p.m. at Asheboro High School. Refreshments will be served at 5 p.m. in the Asheboro High School Media Center, and a celebration will begin at 5:30 p.m. in the high school's Performing Arts Center. Several student performances will also take place throughout the program.

Dr. Terry W. Worrell, Superintendent of Asheboro City Schools will present information about the current state of Asheboro City Schools. "State of Our School will be a special celebration where we will have an opportunity to share with our community the district's many accomplishments. Just this year, we've expanded our after-school tutoring and Dual Language Immersion programs; we've planned the Asheboro High School renovation and expansion project; and we have had a number of teacher and student achievements. These successes are a testament to our hardworking students, dedicated teachers, committed families, knowledgeable Board of Education, and engaged community. We believe this event will provide us with a platform in which we can publicly express how grateful we are to live and work in such an encouraging and supportive community," said Dr. Worrell.

Dr. Worrell will also discuss the considerable number of volunteer opportunities offered at elementary and secondary levels within Asheboro City Schools. She will conclude the presentation by sharing the district's focus areas and how the district is developing different learning opportunities to fit the individual needs of each student.

"We anticipate a fantastic program. We look forward to continuing to partner with our community to create endless possibilities for the incredible students we serve in Asheboro City Schools. Our work not only involves engaging students, but also engaging our families, community, and business leaders throughout Asheboro and Randolph County," said Dr. Worrell.
